It was great to see James Cartledge MP at the village hall today. He met with the working group looking at the Neighbourhood Plan Revision (LNP2) and congratulated us on our professionalism and progress. We also spoke about climate change and its effect on Suffolk and inclusion into LNP2. To follow the revision progress and timescales type bit.ly/LNPhome in your browser to take you to the Neighbourhood Plan website.

Our Plan has been in place since 2016, and is being reviewed to check that it still meets with the expectations of Lavenham residents, who voted by over 90% in its favour.
